

Module 1: Character - Zhu Bajie

Zhu Estate: Battle with the Second Sister

The Second Sister:

Well, honored guests. What kept you so long? Your lady has not come again, I see?

Zhu Bajie:

Our lady's status makes it inconvenient for her to show herself in the mortal realm. Still, she has kept you all in mind, and sent this humble gift through me. (Heh.) She wishes the Immortal Maiden a swift recovery, and hopes to meet again in Heaven soon.

The Second Sister:

A pity your lady did not come.

We had quite a show prepared, and waited all this time just for her.

And now... (pulls out the Embroidery Needle.) The gift is stolen, and people lie dead.

Why not have the two of you answer for it?

Zhu Bajie:

(Steps back a few paces.)

We're only errand runners, Madam. What sort of joke is this?

The Second Sister:

Zhu... Ba... Jie.

Zhu Bajie:

(Startled.)

The Second Sister:

I know you were born ugly, and fear showing your face.

But surely you need not wear another pig's face to deceive my mother?

Zhu Bajie:

(Reveals his true form.)

Blind fool.

Old Pig's heart is set on the Buddha. As for your mother, whoever she is, she can wait!

The Second Sister:

Heartless, are you?

Back then, on this ridge, you killed and burned, and ruined her honor.

And now you remember none of it?

Zhu Bajie:

Honor? (Haha...)

A wild yaoguai now, and still got the face to talk of honor?

So that's it. You're one of that spider woman's brood.

Call me good uncle, and Old Pig may yet give you some face and visit that wretched cave to see an old acquaintance.

The Second Sister:

(Scoffs.)

Willing or not, that choice is no longer yours.

After victory

Let's see where your whole nest hides then!

(The Second Sister fires the Embroidery Needle at Zhu Bajie.)

Zhu Bajie:

Damn my luck!

You insects, wearing human skin and human clothes, and still all you know are these dirty tricks!

The Second Sister:

Yes, yes, of course. Who could compare with Marshal Tianpeng, so upright and honorable?

I reckon that one's corpse has not even gone cold.

And already you have found yourself a new monkey to call Senior Brother?

Zhu Bajie:

(Interrupting.)

Bullshit!

Tell your mother to crawl out and beg for mercy.

Since you're young and stupid, Uncle will spare your wretched life!

The Second Sister:

(Hah.) Truth be told, the thing is in Webbed Hollow.

If fear has taken you, run while you can.

Zhu Bajie:

Scared? Not this pig!

I'll flatten this rotten cave today!
